

handle

```
graph BT; A["approx::integrate::  
Integrator"] --> B[handle];
```

A diagram showing a call from a function to a method. At the bottom is a gray rectangular box containing the text "approx::integrate::" on the first line and "Integrator" on the second line. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box above it. The white box contains the text "handle".

approx::integrate::
Integrator
