

handle

```
graph BT; A["physics::advection  
::UwdgScheme"] --> B[handle];
```

A diagram illustrating a function call. A light gray rectangular box at the bottom contains the text "physics::advection" on the first line and "::UwdgScheme" on the second line. A blue arrow points vertically upwards from the top center of this box to a white rectangular box with a black border at the top. The top box contains the text "handle".

physics::advection
::UwdgScheme
